

RESURFACING & INTERSECTION IMPROVEMENTS ON ALLISONVILLE ROAD, 126TH STREET & 131ST STREET

Drive Fishers is the City of Fishers' initiative to increase travel efficiency, improve connectivity, and maintain the sanitary sewer and water infrastructure via innovative projects and a proactive approach to construction and maintenance.

Since 2012, Drive Fishers has completed traffic calming projects, sanitary and storm sewer projects, 53 resurfaced lane miles, 11 miles of trails and sidewalks, and received more than \$60 million in grants, improving the infrastructure in Fishers while leveraging federal dollars to save money for the Fishers' taxpayers.

Infrastructure improvement projects contribute to long-term vitality of our community and increased economic development opportunities. Project updates will be posted on [weekly construction updates](#) and on the [Drive Fishers Twitter page](#). Sign up for weekly construction updates at fishers.in.us/DriveFishers.

PROJECT SCOPE

Two intersection improvements along Allisonville Road. The intersections of Allisonville Road and 126th Street as well as Allisonville Road and 131st Street are both changing from single lane signalized intersections to signalized intersections with multiple lane approaches. Westbound 126th Street will also have an added left turn lane for motorists wanting to turn south onto Allisonville Road. Multiple lane approaches on Allisonville Road at both of these intersections will help to ease traffic congestion in the area. Allisonville Road is in the process of being resurfaced and striped from 126th Street to 131st Street. This project includes installation of new pedestrian walkways, storm drains, and additional lighting and landscaping to follow.

April-May 2019

126th Street closed on April 22 for approximately 20 days. Detour routes will be down 131st Street and 116th Street to Lantern Road. Allisonville Road remains open.

PROJECT OVERVIEW

PROJECT STATUS: IN PROGRESS

BID DATE: MARCH 2018

ANTICIPATED COMPLETION DATE: JUNE 2019

DESIGN CONSULTANT: CHA CONSULTING, INC

ESTIMATED PROJECT COSTS: APPROXIMATELY \$9.3M
(ALLISONVILLE ROAD AND 131ST STREET INTERSECTION - 80% FEDERALLY FUNDED; ALLISONVILLE ROAD AND 126TH STREET INTERSECTION - 90% FEDERALLY FUNDED)

PROJECT BENEFITS:

- IMPROVED PEDESTRIAN SAFETY AND CONNECTIVITY
- INCREASED MOTORIST SAFETY
- IMPROVED TRAFFIC FLOW

Project Rending of 126th Street & Allisonville Road

Project Rending of 131st Street & Allisonville Road
