

# Non-Flushable Items

What are they?

- Wipes
- Tissue
- Floss
- Cotton Swabs
- Feminine Products
- Diapers
- Bandages
- Kitty Litter
- Releasable ends of Toilet Brushes
- Paper Towels
- **Anything** that is not toilet paper, human waste, and water

Why it needs to stop.

- Causes clogs and backups in pipes
- Overflow leading to sewage getting into drinking water, homes, and buildings
- Hefty fines from the EPA and Health Department
- Thousands of dollars used up by Fishers per clog

The Solution is Simple: Throw it Away
