a. PUD-21-18 Fire Station #97

Karen Collins with A-F Engineering, on behalf of the City of Fishers, is requesting approval of a site-plan and elevations for the construction of a new fire station in the Britton Falls neighborhood. The subject site is south of 136th Street and east of Prairie Baptist Road. The property is zoned PUDM (Britton Falls).

This hearing was rescheduled from the original date of September 1, 2021 due to lack of quorum. Jonah Butler, Planner II, presented the PUD request for the site plan and elevations at 15109 E. 136th St., within the Britton Falls PUD. The information on the pedestrian path was rescinded and the elevations were reviewed. The architecture/masonry is similar to the Fire Station on Allisonville Rd. Jamison Sills from A-F Engineering brought masonry samples and was available for questions.

Mr. Stevenson asked for a Motion for PUD 21-18. Mr. Peterson made a Motion to approve, seconded by Ms. Baumgartner. The Motion was approved, 4-0.
