

DRIVE FISHERS

126TH STREET & PARKSIDE DRIVE ROUNDBOUT CONSTRUCTION

Drive Fishers is the City of Fishers' initiative to increase travel efficiency, improve connectivity, and maintain the sanitary sewer and water infrastructure via innovative projects and a proactive approach to construction and maintenance.

Since 2012, Drive Fishers has completed traffic calming projects, sanitary and storm sewer projects, 53 resurfaced lane miles, 11 miles of trails and sidewalks, and received more than \$60 million in grants, improving the infrastructure in Fishers while leveraging federal dollars to save money for the Fishers' taxpayers.

Infrastructure improvement projects contribute to long-term vitality of our community and increased economic development opportunities. Project updates will be posted on weekly construction updates and on the Drive Fishers Twitter page. Sign up for weekly construction updates at fishers.in.us/DriveFishers.

PROJECT SCOPE

The City of Fishers is building a roundabout at the intersection of 126th Street and Parkside Drive. As part of the project, the median will be transitioned to a raised concrete curb at the intersection of 126th Street and Enterprise Drive/Reynolds Drive to allow for right-turn-only movements. Left turns in this area will use the roundabout to improve safety and traffic flow.

126th Street will be open but reduced to one lane in each direction for the duration of the project. Parkside Drive at 126th Street will be closed during the construction of the north side of the roundabout. These closure dates are still being determined.

The roundabout is estimated to be completed in September 2019.

PROJECT OVERVIEW

PROJECT STATUS: Under Construction

BID DATE: December 2018

ANTICIPATED COMPLETION DATE: September 2019

DESIGN CONSULTANT: GAI Consultants

CONTRACTOR: E&B Paving, Inc.

ESTIMATED PROJECT COSTS: \$1.7 million (90% federal, 10% local)

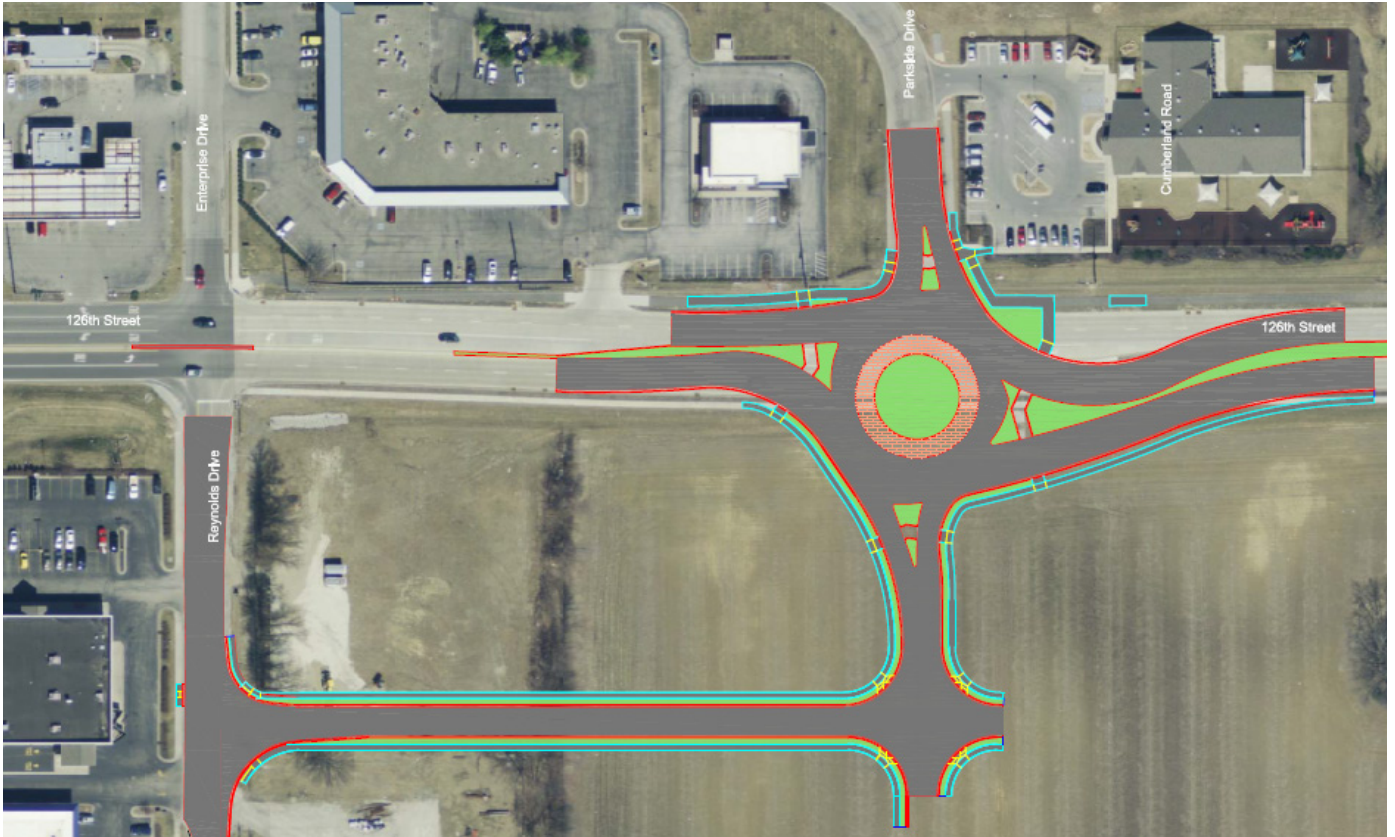

PROJECT BENEFITS:

- Intersection improvements
- Improved motorist safety
- Increased pedestrian accessibility
- Improved traffic flow
