

Effective December 15<sup>th</sup> 2015,

Contractors will be required to schedule all Underslab inspections at a scheduled time using the on-line inspection request system. This will be required for all trades performing Underslab work for both residential and commercial installations. At the scheduled time of inspection, the work to be inspected shall be uncovered and exposed or the contractor or contractor's representative shall be on site to uncover and expose the work needing inspected.

This policy is being put in place to protect the integrity of the contractors work and assure the work is being inspected by the City of Fishers This process will take effect December 15<sup>th</sup> 2015 and remain in place until April 15<sup>th</sup> 2016 or until the threat of sub-surface ground freezing subsides.

A handwritten signature in black ink, appearing to read "Todd Suchy", is written above the typed name.

Todd Suchy  
Building Commissioner  
City of Fishers
